Subject: Request for Participation in the Testing of the ABLEWORK System

Dear Sir/Madam,

Greetings!

We are the researchers from STI West Negros University, currently conducting our capstone project entitled "ABLEWORK: A Web-Based Employment Assistance System for Matching Persons with Disabilities to Appropriate Work Opportunities."

In line with our study, we would like to respectfully request your participation in testing our proposed web-based system. ABLEWORK aims to help persons with disabilities find suitable employment opportunities by matching their skills, qualifications, and job preferences with available positions.

As part of the testing, we would like to ask your business to register in the system, provide basic business information, and input available job vacancies, including the qualifications and requirements for each position. We would also appreciate your feedback regarding the system's features, usability, and usefulness in helping employers connect with potential PWD applicants. Your participation will help us evaluate and improve the system to ensure that it can better support employers and persons with disabilities in the employment process. Any information provided will be handled confidentially and used for academic purposes related to our study.

We sincerely hope for your favorable response and support. Thank you for your time and consideration.

Respectfully yours,

LOUEALA JEAN H. PAQUIO
Project Manager
